

MUZZLE STUFFERS

OCTOBER 10 2009

The first night time shotgun shoot was so well received it was decided to have one each month. There were 7 shooters, the weather was great and several spectators enjoyed the action. The smoke and fire from the guns added to all the fun. Thanks to Rio Salado for their help and support. Grab your shotgun and come join us for the next shoot. Time to be announced.

Getting ready for
This

OCTOBER 11 2009

Good turn out, good weather and some impressive shooting. How about the 96 scores turned in on the pistol and a lot of respectable rifle shooters? The Muzzle Stuffers and associates do have a lot of good marksmen.

OCTOBER 25 2009

The Halloween shoot was, to say the least, challenging with a theme of trail walk targets without the walk. Both rifle and pistols were used during the event. As Tom was setting up the event, the initial reaction was "What the heck are you doing now Tom?" The pistol shoot, using lemons for targets, made a pleasant, refreshing aroma of black powder and lemon.

There were lots of nice prizes and plenty of refreshments. The consensus was "It was a fun shoot." Thanks, Tom, for all the hard work, imagination and for the efforts you contribute on behalf of the Muzzle Stuffers.

Not all shooters participated in both rifle and pistol shoots. Scores are the combined totals for both.

There will be no rifle shoot on November 8 due to the Desert Classic set-up.

November 21 is a 5 stand shoot gun shoot at 5 p.m.

Any questions, contact Tom Hoverson.
